

SLIDING SCREEN/DOOR MEASURING

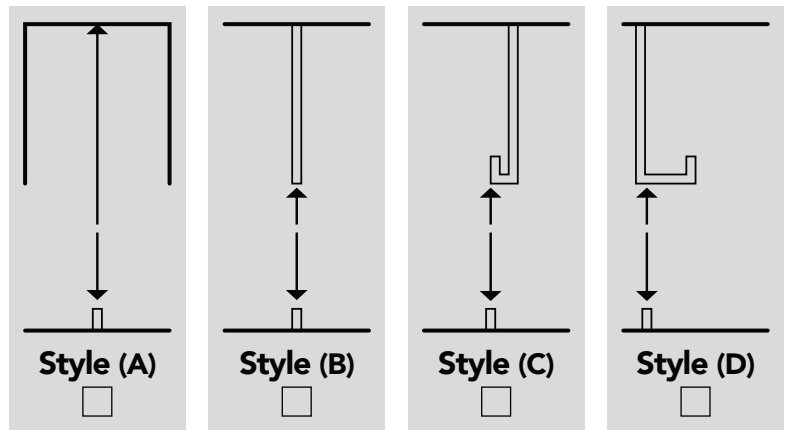

1362 S DE ANZA BLVD, SAN JOSE, CA 95129 PHONE: 408 - 725 - 4070 FAX: 408 - 725 - 2696

If old door is available and works well in the opening, try to bring it to us to use as a sample, or measure it carefully!

To remove screen door: 1- Open screen door all the way open. 2- Lift up door and pull out bottom (you may need a putty knife or flat screw driver to lift roller off of track)

1- Check top and bottom off your opening and determine track style; use diagram.

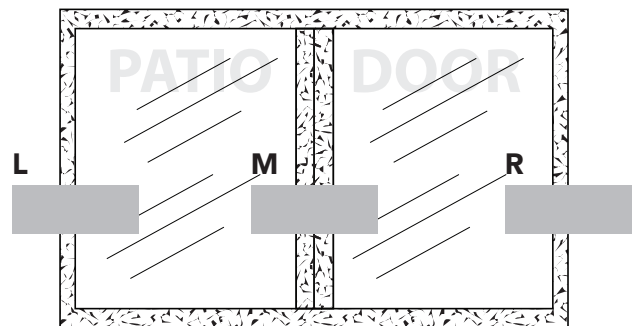

- Style (A) Door rides on bottom rollers and fits into a channel at the top.
- Style (B) Top and bottom rollers straddle a fin.
- Style (C) & Style (D) door hangs on top track.

2- Measure height (use diagram)

- Start from the top of bottom track and measure to the top (all opening) in three places.

Left
 Right
 Middle

3- Measure door width (usually around) ☐ 36 inch ☐ 48 inch ☐ 60 inch ☐

4- Frame color: ☐ Silver ☐ Bronze ☐ White

5- Screening material: ☐ Fiberglass ☐ Aluminum ☐ Pet screen ☐ Stainless ☐ Sun Screen

6- Screen color: ☐ Grey ☐ Black

7- From inside of the house should the handle be on the: ☐ Left ☐ Right

I accept responsibility for in correct measurements. There are my opening sizes and I understand Bull's Glass & Screen Center will do standard deductions using my measurements to make door.
